

2-hour Online Training

Get your Tobii Eye Tracking System up and running

Our online training programs will assist you to install and learn to operate the eye tracking equipment. We currently offer a 2 h startup training conducted by a Tobii Certified Instructor. Prior to the training date, our instructor will contact you to assess your training needs and prepare the curriculum for you.

Topics covered

During this training you and your team will gain a basic understanding of how the Tobii Eye Tracker works and learn how to operate the system with Tobii Studio.

This is a brief summary of potential training activities.

- Teach you how to assemble and install your eye tracking equipment.
- Give you a general understanding on how to operate the eye tracking system.
- Instruct you to collect good quality eye tracking data.
- Give you an overview of the major features in Tobii Studio that are relevant to your field of research.

For further information, please contact your regional sales representative.
